SOUTH CENTRAL WALL, CEILING & PLASTER ASSOCIATION

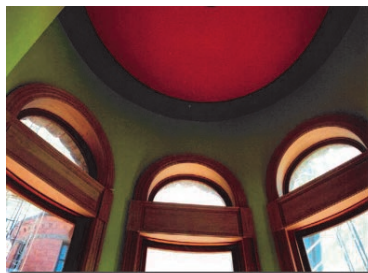

SOUTH CENTRAL WALL, CEILING & PLASTER ASSOCIATION

SCWCPA is an organization that exists for the promotion of quality methods and practices in the walls and ceilings industry. Since 1952, Association members have provided innovation and leadership in quality workmanship in:

Portland Cement Plaster (Stucco)
Exterior Insulation Finish System (E.I.F.S.)
One Coat Stucco
Veneer Plaster
Sprayed Fireproofing
Drywall
Acoustical Panels & Ceilings
Veneer Stone

The membership of SCWCPA consists of contractors, manufacturers, distributors and other professionals who provide products and services to

DRYWALL PLASTER STUCCO E.I.F.S.

those in the walls and ceilings industry.

The Association provides a wide range of services and resources to its members to help them operate their businesses with greater expertise and profitability.

SCWCPA members represent some of the largest and most successful contractors in the walls and ceilings industry in the U.S. Their projects include high-rise condos in Florida and casinos in Las Vegas.

SCWCPA, and its affiliate organization, Texas Bureau for Lathing & Plastering has a long history of working with Architects and other Design Professionals, as well as General Contractors and Building Officials, to offer expert advice and consultation.

ACOUSTICAL VENEER STONE FIREPROOFING

As part of this industry relations commitment, the Bureau provides a one hour AIA-accredited continuing education program for Architects to better understand the composition, advantages and appropriate application of plaster and its related components.

If you are active in the walls and ceilings industry in Texas, you will find it well worth becoming an active member today.
