TLPCA REGIONAL COMMITTEE SEMINARS

If you were not already aware, the TLPCA now has more localized representation with the addition of Regional Committees. This will allow the TLPCA to focus on issues and help better promote the industry within that market.

Right now, the Regional Committees are Houston, San Antonio, Dallas and coming soon Louisiana. Each Region will offer manufacturer and educational seminars at least every other month.

Our first seminar was “Coronado Stone” in Houston with Brian Egan of Southwest Building Products and Dale Ferguson of Coronado, followed by “Mer-Krete” in San Antonio with Alex Cauble of L&W Supply and John Smith of Mer-Krete. And with our largest attendance to date, “Diamond Veneer Finish” in Dallas with Charlie Meador of Texas Stucco Supply and Gary Yancy of USG. Labor was provided by Silver Star Plastering. There were 43 Contractors in attendance!!

EXECUTIVE DIRECTOR NOTE

As we come to the end of 2009, I would like to thank all of you that have made this transition for me easier. Together we have accomplished major goals in the past six months. All of which are discussed in this issue. Hopefully you have seen and taken part in some of the changes that have helped grow the Association membership by 11 % since we embarked on our new direction in June.

There is a lot more to come with the relationships currently being established with General Contractors and Architects in all of the Texas markets. We currently have AIA courses with Architects and Educational Seminars with General Contractors scheduled through the first quarter of 2010. Contractor Member info is handed out at all of these events as well, with the emphasis on using a TLPCA Member for Drywall, Stucco, EIFS, Stone, Stone Veneer, Fireproofing as well as Acoustical Ceilings.

I know that 2009 was a tough year for most. We have also made adjustments here in the TLPCA office to cut costs. I am asking as we all go into 2010 to please allow in your budget, a line item for the TLPCA. We are impacting the industry constantly, and with your help we will continue to do so. As always, we are available for anything our members may need help with. Hopefully we have already helped out on one of your projects or by just promoting your company to the many GC’s and Architects we talk to daily.

Thank you and have a Blessed Holiday Season.
Eddie McCormick, CEP

Mer-Krete Seminar—San Antonio

Coronado Seminar –Houston

USG Seminar—Dallas

From the President ...

Over the last several years a lot of what I have heard is that TLPCA is a country club with no benefits. I have been asked, “what’s in this for me?” Things change.

What does a Country Club mean to you? Does it mean four education seminars in the last five months and more to come? Does it mean eleven new members in the last five months with a lot more to come? Does it mean regional chapters in San Antonio, Houston, Dallas, and coming soon ... Louisiana? Does it mean a new systems manual in January 2010? Does it mean manufacturer and distributor members taking more prominent roles in the Association by the enacting the new Bylaw changes? And, does it mean we are now a chapter member of AWCI?

Ladies and Gentlemen, this is not a Country Club! This is an organization that is promoting what we do for a living ...members and non-members alike! A more educated Architect, General Contractor, and sub-contractor make for a better quality and more profitable job. The TLPCA is not about a party two times a year. It is about promoting and educating all people about EIFS, Stucco, drywall, ceiling, thin veneer stone, manufactured stone, and fireproofing.

Eddie, the Board, and I have moved fast. We have laid the ground work for something that is going to be very special. We are trying to give our members the most bang for their buck and sincerely hope that all of you will get on board because this ship is sailing.

I know we are making a difference, and we will continue to do that because this is our passion. So, if that is a Country Club, come on and get some of this!!!!

I hope everybody has a wonderful Christmas! God Bless all of you!

Rick Williams
TLPCA 2009-2010 President
